

THE HOLDSWORTH AUTUMN

SALE

The Holdsworth annual sale was missed in 1987 because of expansion at our Woodley factory.

Now it's back for 1988 and is even bigger! On one day only it will feature a vast array of motor caravan fixtures and fittings that are invaluable for the man up-dating his motor caravan and a MUST for the man building his own van from scratch.

Seats: A special feature of the sale will be the great variety of cab seats removed from vans prior to conversion. There are singles and doubles and most are almost brand new. At prices from £25.00 inc VAT they can be used to make 12 seater mini buses or as replacements for your old motor caravan cab seats.

Furniture kits: We've put together some excellent 'basic' kits that will appeal to the person completing a van conversion – whether it's big or small. Most kits contain cooker and sink unit with storage below, wardrobe, cupboards, seats and table and prices start at an incredible £295.00 inc VAT. These kits will suit some of our regular production vehicles including Volkswagen (pre '80 and post '80), Renault, Ford, Fiat/Talbot – and they could be adapted by the competent DIY converter for other vans too.

Furniture units: You can't beat Holdsworth quality and you will find dozens of different furniture units including seats, wardrobes, kitchen units etc etc.

Accessories: Just about everything the 'home' converter needs – sinks, cookers, fridges, water pumps, water piping, ventilators, heaters, under floor tanks, taps, shower trays ...

The Holdsworth 1988 sale is on one day only – Saturday, October 8. Sale time is 10am to 4pm. Items can be viewed from 9am on sale day only. Please bring cash for items you wish to collect on sale day. Be early!

ONE DAY ONLY – SATURDAY OCTOBER 8. 10am to 4pm.
